SEPTEMBER (2025 - 26)

Principal's Message:

Dear Parents and Students,

September was a month of joy, learning and achievements at our school.

We began with Teachers' Day, where students expressed their gratitude with heartfelt performances. Onam brought festive cheer with vibrant cultural programmes celebrating our rich heritage.

Students balanced these celebrations with dedication during the Mid-Term Examinations, showing sincerity and hard work. The NCC Camp added another dimension, instilling discipline, leadership and teamwork among our cadets.

The month also witnessed the much awaited Annual Sports Meet, a day full of energy, enthusiasm and sportsmanship.

We were delighted to celebrate Navratri, a festival symbolising the triumph of good over evil and the power of the divine feminine. It's a time for spiritual growth, devotion, community bonding and cultural expression by worshipping the nine forms of the goddess.

In addition to these, our school also organized educational picnics for the students. These outings gave them the opportunity to explore, observe and understand that learning extends far beyond textbooks. Such experiences not only enriched their knowledge but also nurtured curiosity, creativity and a sense of togetherness.

I sincerely thank our teachers, students and parents for their active participation and support in making each event a success. Together, we continue to create a joyful and enriching learning environment.

*Warm regards,
Balasree Siva Prasad
(Principal

Promoting Cleanliness through Swachhta Pakhwada

SWACHHTA PLEDGE

I take the pledge that I will remain committed towards cleanliness and devote time for this. I will devote 100 hours per year to work for cleanliness. I will neither litter nor let other litter. I will initiate the quest for cleanliness with myself, my family, my location, my village and my workplace.

SAEC CBSE actively promoted cleanliness among students through a series of activities organized under Swachhta Pakhwada. This nationwide two-week campaign, launched under the Swachh Bharat Mission (Clean India Mission), is aimed at raising awareness and encouraging collective action on sanitation and hygiene across government institutions, schools and the community.

During the campaign, our students enthusiastically participated in various activities like quiz, slogan writing, model making, essay writing, debate, rally, drawing and painting that not only highlighted the importance of a clean environment but also instilled in them a sense of responsibility towards maintaining cleanliness in their surroundings. These experiences enriched their awareness and fostered positive attitudes towards hygiene, discipline and community well-being.

My experience on Teacher's Day as a School Captain

Teachers' Day has always been a meaningful occasion in our school, but this year it was extra special for me – because I had the honour of celebrating it as the School Captain.

From the very beginning of the day, I felt a deep sense of responsibility. Along with the student council, I helped welcome our teachers with smiles and warm greetings. As they entered the school, we made sure they felt appreciated and celebrated – because they truly deserve it.

I was given the duty to deliver the Teachers' Day speech and to host part of the cultural program. Standing on the stage, facing all my teachers, I felt a mix of nervousness and pride. Expressing gratitude on behalf of the entire student body was not just an honour, but also a moment I'll always remember. I spoke from the heart, thanking them for their constant support, guidance, and the values they've instilled in us.

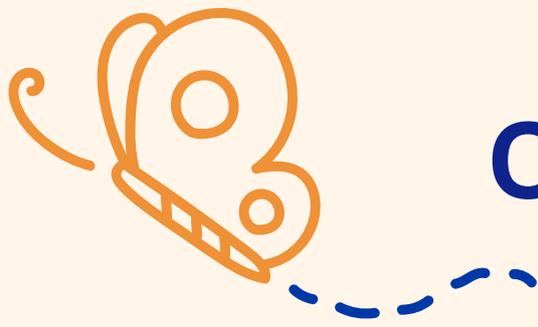

The program itself was filled with performances – dances, songs, and short skits – all put together by the students. As School Captain, I had helped coordinate the performances in the days leading up to the event, making sure everything was organized and smooth. Backstage, I was running around making sure every performer was ready and the next item was on cue – it was tiring, but exciting too.

One of the most heartwarming parts of the day was simply seeing our teachers smile and enjoy themselves. Their laughter during the skits and their claps after every performance made all the effort worth it.

Celebrating Teachers' Day in this role taught me a lot – about leadership, teamwork, and the value of showing appreciation. It wasn't just about giving a speech or managing an event – it was about honouring the people who play such a big role in shaping our lives.

It's a day I'll always carry with me – not just as a memory, but as a reminder of how important teachers are, and how lucky I am to have been their student.
